Trivandrum.  
Sir,

I had applied for adoption in the Office of the Govt. Childrens Home, Vellimadukunnu. Several documents were submitted as directed by them. An Officer came here to my House and submitted the Home Study Report also. It was some six years back, in 2011. But due to some personal reasons I postponed my adopting a child.

Now, I wish to adopt a boy child aged between 10 to 14 years. I require some information under Right to Information Act as to what should I do to adopt a child:

- 1) Which office I should contact and from where I can adopt a Boy child of the age group 10 to 14 years of age?
- 2) As I have already registered and Home study report also submitted by the Officer, is it necessary to renew/register again?
- 3) According to CARA's circular six children will be shown so that we can adopt according to our choice, is that so?
- 4) How many Boys aged between 10 to 14 years are there in the Vellimadukunnu Poor Home (BOYS) and other poor homes in Kozhikode District without any claimants?

Thanking you,

Yours faithfully,

  
(P.V.SUNITHA)
